What Makes it So Difficult to Deploy Command and Control Systems?*
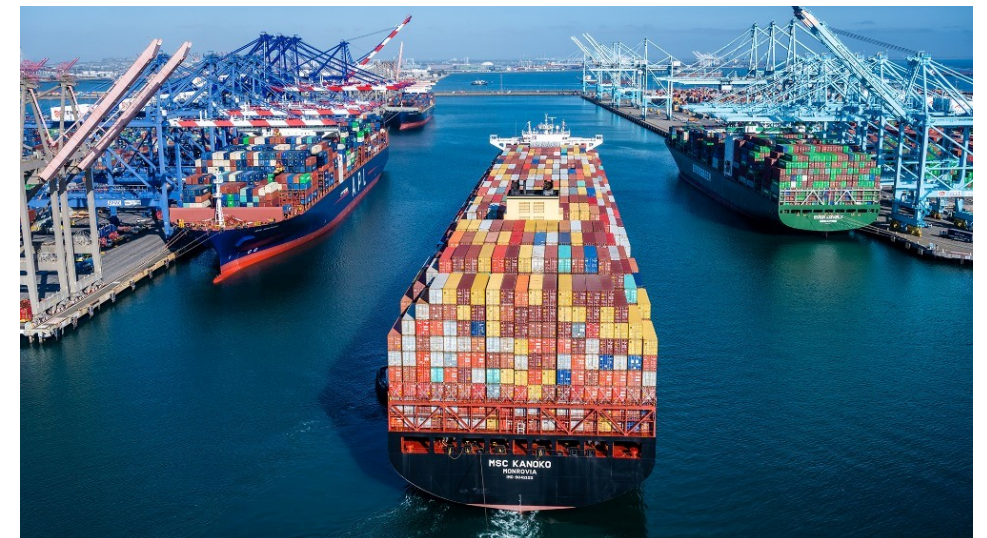

Victor Todorov

Chief, Advance Targeting Unit

Los Angeles/Long Beach Seaport

U.S. Customs and Border Protection

ADSA27 – November 14, 2023

*Presentation Prepared by Carl Crawford

Space

- What happens at seaport?

- CBP responsibilities?

- CBP surveillance (cameras etc.)?

- Problems needing solutions?

- What does a command and control center need to do?

Video Command Center

- What are the inputs?
- What analytics are in place?
- How to handle 100s of cameras?
- How to respond to automatically detected threats?
- What future technologies need?
- Communicate with officers?
- Resource allocated?
- New sensors needed?
- Why was inexpensive?
